measures promosed to this effect al'egedly included the clearing		Togarsdorf instal ation was scheduled to be extended. Preparatory measures promosed to this effect allegedly included the clearing of a major wooded area.	25 X

4. On the occasion of a visit in mid-December, about 100 sheep dogs here observed in the kennels of the installation. Four soldiers practiced with a gun which was surrounded by another 30 soldiers who looked on. Ordnance stored in the garages in the southwestern corner of the installation included an undetermined number of AT guns with muzzle brakes, an alleged 16 AA guns whose barrels were supported by bipods, and an undetermined number of machine guns which were must doe carriages with rubber-tired wheels. Other garages housed a total of about 72 tank trucks and a large number of trucks. The soldiers observed at the installation were red-bordered black and black-bordered red collar catches.

a heavy machine gun battalion. A total of 1,700 retions was issued every day. Some time ago, numerous officers allegedly moved to the Seehaus installation. Inductees arriving at the installation numbered about 20 recruits a day who were civilian clothes. Such newcomers were observed almost daily. $^{\rm l}$
